## Public View of the Course Completion Certificate Badge

The screenshot displays the public view of a badge on the Credly platform. At the top, the Credly logo is on the left, a search bar with the text "Discover badges, skills or organizations" is in the center, and a user profile icon is on the right. Below this, a banner shows a small profile picture of Pratismith Gogoi, the text "This badge was issued to [Pratismith Gogoi](#) on November 26, 2024", a "Verify" button with a checkmark icon, and an "Undo" button with a trash can icon. The main content area features a large shield-shaped badge on the left with the Google Cloud logo, the text "Google Cloud Computing", and "CERTIFICATE" at the bottom. Below the badge is a dark green button that says "Earn this Badge". To the right of the badge, the title "Google Cloud Computing Foundations Certificate" is displayed, followed by "Issued by [Google Cloud](#)". A paragraph describes the certificate as a foundation for technical proficiency in cloud computing. Below this is a "Learn more" link. Two tags, "Validation" and "Foundational", are shown. At the bottom, a "Skills" section lists various skills in individual boxes: APIs, AppDev, BigQuery, Cloud Computing, Cloud Foundations, Cloud Functions, Cloud Infrastructure, Cloud Storage, Compute Engine, Data & ML, DataProc, Google Cloud, Identity And Access Management (IAM), and Network Security.

# Eligibility Criteria for Course Completion

## Earning Criteria

- ☑ [Successful completion of the Google Cloud Computing Foundations: Cloud Computing Fundamentals course. This is the first of four courses in the Google Cloud Computing Foundations Certificate.](#)
- ☑ [Successful completion of the Google Cloud Computing Foundations: Infrastructure in Google Cloud course. This is the second of four courses in the Google Cloud Computing Foundations Certificate.](#)
- ☑ [Successful completion of the Google Cloud Computing Foundations: Networking & Security in Google Cloud course. This is the third of four courses in the Google Cloud Computing Foundations Certificate.](#)
- ☑ [Successful completion of the Google Cloud Computing Foundations: Data, ML, and AI in Google Cloud course. This is the fourth of four courses in the Google Cloud Computing Foundations Certificate.](#)
- ☑ [Successful completion of the Implement Load Balancing on Compute Engine skill badge course. This is the first of four skill badges in the Google Cloud Computing Foundations Certificate.](#)
- ☑ [Successful completion of the Set Up an App Dev Environment on Google Cloud skill badge course. This is the second of four skill badges in the Google Cloud Computing Foundations Certificate.](#)
- ☑ [Successful completion of the Build a Secure Google Cloud Network skill badge course. This is the third of four skill badges in the Google Cloud Computing Foundations Certificate.](#)
- ☑ [Successful completion of the Prepare Data for ML APIs on Google Cloud skill badge course. This is the fourth of four skill badges in the Google Cloud Computing Foundations Certificate.](#)

Total Time Required for Completion

52.5 Hours

## Endorsements Associated with the Course

### Endorsements

#### [American Council on Education](#)

This credential has been successfully evaluated by the American Council on Education for college credit. It is recommended for a total of 6 college credits. For more information about ACE Learning Evaluations, visit [www.acenet.edu](http://www.acenet.edu).
